

Provo Canyon Construction Project Update

Nighttime Closures to Continue Through Winter

Even with colder temperatures and snow, excavation work will continue in the area near Deer Creek Dam in Provo Canyon. This work causes a large amount of debris and rock to fall onto the roadway. In order to maintain the safety of the traveling public, motorists should expect highway closures Monday through Friday nights between the hours of 10:00 p.m. and 6:00 a.m.

There will be times where weather (i.e. a severe snow storm) may impact highway closures. If the highway is opened due to a snow storm, the following information outlets will be updated and an email will be sent out:

- Project Information Line (toll free, 24-hour): 1 (888) 517-8401
- Electronic signs near the project, and along U.S. 40 and I-15

Other outlets are updated on a regular basis to provide information regarding highway closures and other construction activities include

- Project Web Site: www.udot.utah.gov/provo-canyon
- Project Information Line (toll free, 24-hour): 1 (888) 517-8401
- Electronic signs near the project, and along U.S. 40 and I-15
- Project Highway Advisory Radio: 1530 AM or 1300 AM

You may also request to be included on the Provo Canyon Project Email Update list by sending your email address to provo-canyon@hwlochner.com.

Upcoming Holiday Impacts

With the holiday season upon us, there have been many questions as to what the construction schedule will be like around the holidays. The last highway closure in 2005 will take place the night of Friday, December 23rd. The highway will be open December 24th through January 1st. Closures will resume on January 2nd at 10:00 p.m.

Winter Driving Tips

The snow has started to fly and Utah's roads are starting to get slippery. Please use extra caution when driving through the canyon this winter and pay close attention to your surroundings.

Keep in mind that:

- Lanes through the construction zone have been narrowed
- Crews are working in the area so watch for construction equipment accessing the roadway
- Flagging operations remain in place
- UDOT maintenance crews will be out plowing the roads, so watch for heavy equipment and never attempt to pass a snow plow

Together we can make this a safe holiday season by using caution and staying alert while driving this winter.
